Subject: Request for Medical Leave (Knee Surgery)

Respected Sir,

I hope you are doing well.

I, Mohd Sohel Salmani (**Emp ID: 9662**), working as a CodeChef Trainer, would like to formally request leave for my upcoming right knee meniscus surgery. The procedure is expected to be scheduled in the **2nd week** of May, depending on the doctor's availability.

As per medical advice, my condition has been gradually worsening, and the doctor has strongly recommended that the surgery be performed at the earliest to avoid further complications. Although the surgery was initially planned in October 2025, I had postponed it due to my academic responsibilities, including ongoing classes and lectures. However, at this stage, it is no longer advisable to delay the procedure.

Considering that May will largely coincide with the students' vacation period, I believe this would be the most appropriate time to undergo the surgery with minimal disruption to academic activities. Therefore, I kindly request you to grant me leave starting from **12th May** for a period of approximately **45 to 50 days**, depending on my recovery and post-surgery condition.

I assure you that I will complete all my responsibilities beforehand and will coordinate accordingly to ensure a smooth transition during my absence.

I sincerely request your kind consideration and approval of my leave application.

Thank you for your understanding and support.

Yours sincerely,

Mohd Sohel Salmani
